# "51" the world's most wanted pen

**W**ITH more of course, secret, letters—in all business and social circles—Parker "51" is the preferred writing instrument. Pinned on every occasion—known in every language—no other pen is so desired.

No other desired more highly for Parker "51's". Yet more of these fine pens than ever before are now being shipped . . . to make yours sure.

Every detail of the Parker "51" reflects unswerving uniformity. It is fashioned in highest standards of precision. Blended against air, dirt and damage, the unique point never weakens—moves smoothly. For the top is a ball of immaculate Chromium—fired to 145,000 psi.

The penholder fits snugly over the nib—locks securely without twisting. With the penholder closed the "51's" penholder fits in a safety container.

Only the "51" is designed for handwriting on wet paper. Superbly ink the dots as it writes! (Of course, also on ordinary ink.)

For the Parker "51" of your choice only. Colors: Black, Blue, Gold, Dark Grey, Gold-Blended Cap Pen—\$18.00, Gold-Blended Cap Pen—\$20.00, Gold-Blended Cap Pen—\$22.00, Lustrous Cap Pen—\$15.00, Lustrous Cap Pen—\$16.00, Lustrous Cap Pen—\$21.00.

### *The house behind the dream*

This is it...that long-awaited day when the new home is finally ready. It's a dream house. Every inch of it was planned for pleasant living... for comfort. The deep padded basement plexiglass...the ultra-modern kitchen...the airy bedrooms...the miniature split-level single roof...and rock solid masonry throughout. It's a lucky family that owns this house.

In at least three important ways that home is guarded from the weather: Longlasting *Barnes* asphalt shingles cover the roof... dependable *Barnes* protective products keep dampness out of walls, basement floors, foundations... and *Barnes* rock wool keeps the whole house comfortable the year around. *Barnes*

materials are doing their part to help more Canadians realize their own dream homes.

Method: A Review of Literature on Migration of Migrants

**Abstract:** *Staphylococcus aureus* is a leading cause of nosocomial infection. The purpose of this study was to determine the prevalence of *S. aureus* in the hospital environment and to identify risk factors for colonization. A total of 1000 samples were collected from various hospital environments. The results showed that *S. aureus* was present in 15% of the samples. Risk factors for colonization included contact with medical equipment, contact with healthcare workers, and contact with other patients.

## CONQUEST WITHOUT BLOOD

By HOWARD K. SMITH

**L**ONDON — (By Cable) — The reap in Czechoslovakia, following the war, was the most nearly perfect yet of the Communists' postwar revolution.

It took the three years of bloodshed and war with Middlebrook to establish Communism in Yugoslavia. George Danovics in England and Winston Eaker in Hungary have taken fully advantage to wear down their opponents by long and ugly attacks to ensure complete victory.

What was the background to the music machine era?

Use Estimates the Congressional delay in action for power before what they call the "evolutionary opportunity" shall have passed. The Europe-wide pro-Congress role of the postwar period, both of initiative for Marshall's war effort and of support with reconstruction, had generally culminated with the Munich, but reached the peak and began to slide. Europe's right wing, which was discredited and weakened by Nazism, is now resurging around new leaders like Hitler, who are now beginning to take the initiative and to offer opposition in the left. Europe's "land and middle classes are turning against the left but fear the Communists may repeat in the West the experience they have begun in the East." The United States, with the Marshall plan, is offering an alternative alternative to extreme leftism.

In Fregun, the Communists showed how to seize a country, grab its wealth and crush its liberties in five days—without a shot.

# More people drive . more people want CHEVROLETS than any other make of car!

Official registration figures show that more Chevrolets have been bought than any other make of car for the total seventeen-year period dating from 1931 to 1948!

True for years—and true then even today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove this: more people drive Chevrolets—and independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more satisfying by the smart new styling, brilliant new colors, and even more homelike equipped interiors which have been added to all the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. Be sure to see the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

beauty of Chevrolet's Body by Fisher. It's even safer, runs comfortably, as well as more beautifully.

You'll find that the new 1948 Chevrolet gives out working, strong, smoothness and good-conditions as low-priced as before. To be sure, indeed, you must have the famous Unusual Navy Airline-Gliding Body. And this available feature is exclusive to Chevrolet and highest-priced cars.

Chevrolet's world's strongest Value-in-Price engine gives an unmatched combination of performance, efficiency and economy. It has the biggest, strongest amount of performance of any automobile power plant built today! And Value in Price engines are found only in Chevrolet and earlier cars.

Chevrolet brings you the people safety of Fisher Unusual Body construction: the X-ray Airline Body and Friction-Airline Hydraulic Brakes... another combination of features found only in Chevrolet and highest priced cars... another reason why more people drive Chevrolets than any other make!

Never before has the demand for new Chevrolets been so great as it is now. Consequently, it will pay you to reserve your present car by taking it to your Chevrolet dealer for detailed service now and at regular intervals pending delivery of your new Chevrolet.
